

**A healthy home** is one that is dry, clean, pest-free, ventilated, safe, contaminant-free and maintained.

**Please Join Us for a FREE One-Day Course:**

## **Healthy Homes for Community Health Workers**

This one-day course is designed for people who work as health and housing advocates in their communities. Students will learn how to provide the following healthy homes information to members of their communities:

- ✓ identify home health hazards and remedies,
- ✓ provide healthy homes education one-on-one and to large groups,
- ✓ provide general advice about specific healthy homes problems, and
- ✓ recommend healthy homes approaches to be taken by families, landlords and other community members.

**Date: June 18, 2013**

**Time: 9:00 am – 4:00 pm**

**Place: City of San Diego, Environmental Services  
9601 Ridgehaven Ct. San Diego, CA 92123**

**Please register by sending an email with your name,  
organization and contact information to: Robert Cox at  
[rcox@sanidiego.gov](mailto:rcox@sanidiego.gov)**
